WGU624

Double 108 Mbps Wireless Firewall Router with 4-port switch

The NETGEAR Double 108 Mbps Wireless Firewall Router (WGU624) delivers two simultaneous 108 Mbps networks to ensure the highest speeds and the best quality of service. In addition to the 108 Mbps 802.11 b/g network, users can access a "Fast Lane" - the 802.11a network. The "Fast lane" is ideal for the most demanding of applications including high quality video streaming and serious home office use. With new XR technology, the Double 108 delivers unparalleled range - over 150 metres indoors*!

- Two 108 Mbps streams available to choose from, the second of which is free from interference by other nearby wireless networks
- New Extended Range (XR) technology, providing range up to 3X that of 802.11g
